

Legendary heroes save the forest

52 Tsanko Tserkovski Primary school

Krali Marko is very strong, he can see from far away and he can travel long distances in short time. Guirga is a beautiful woman with long blond hair. She wears a white dress with a snake as a belt. Krali Marko gained his great strength after taking care of Giurga.

'We are not afraid of the samodivi's spells. Let's cut down the trees.'

While they were talking a ghost appeared.

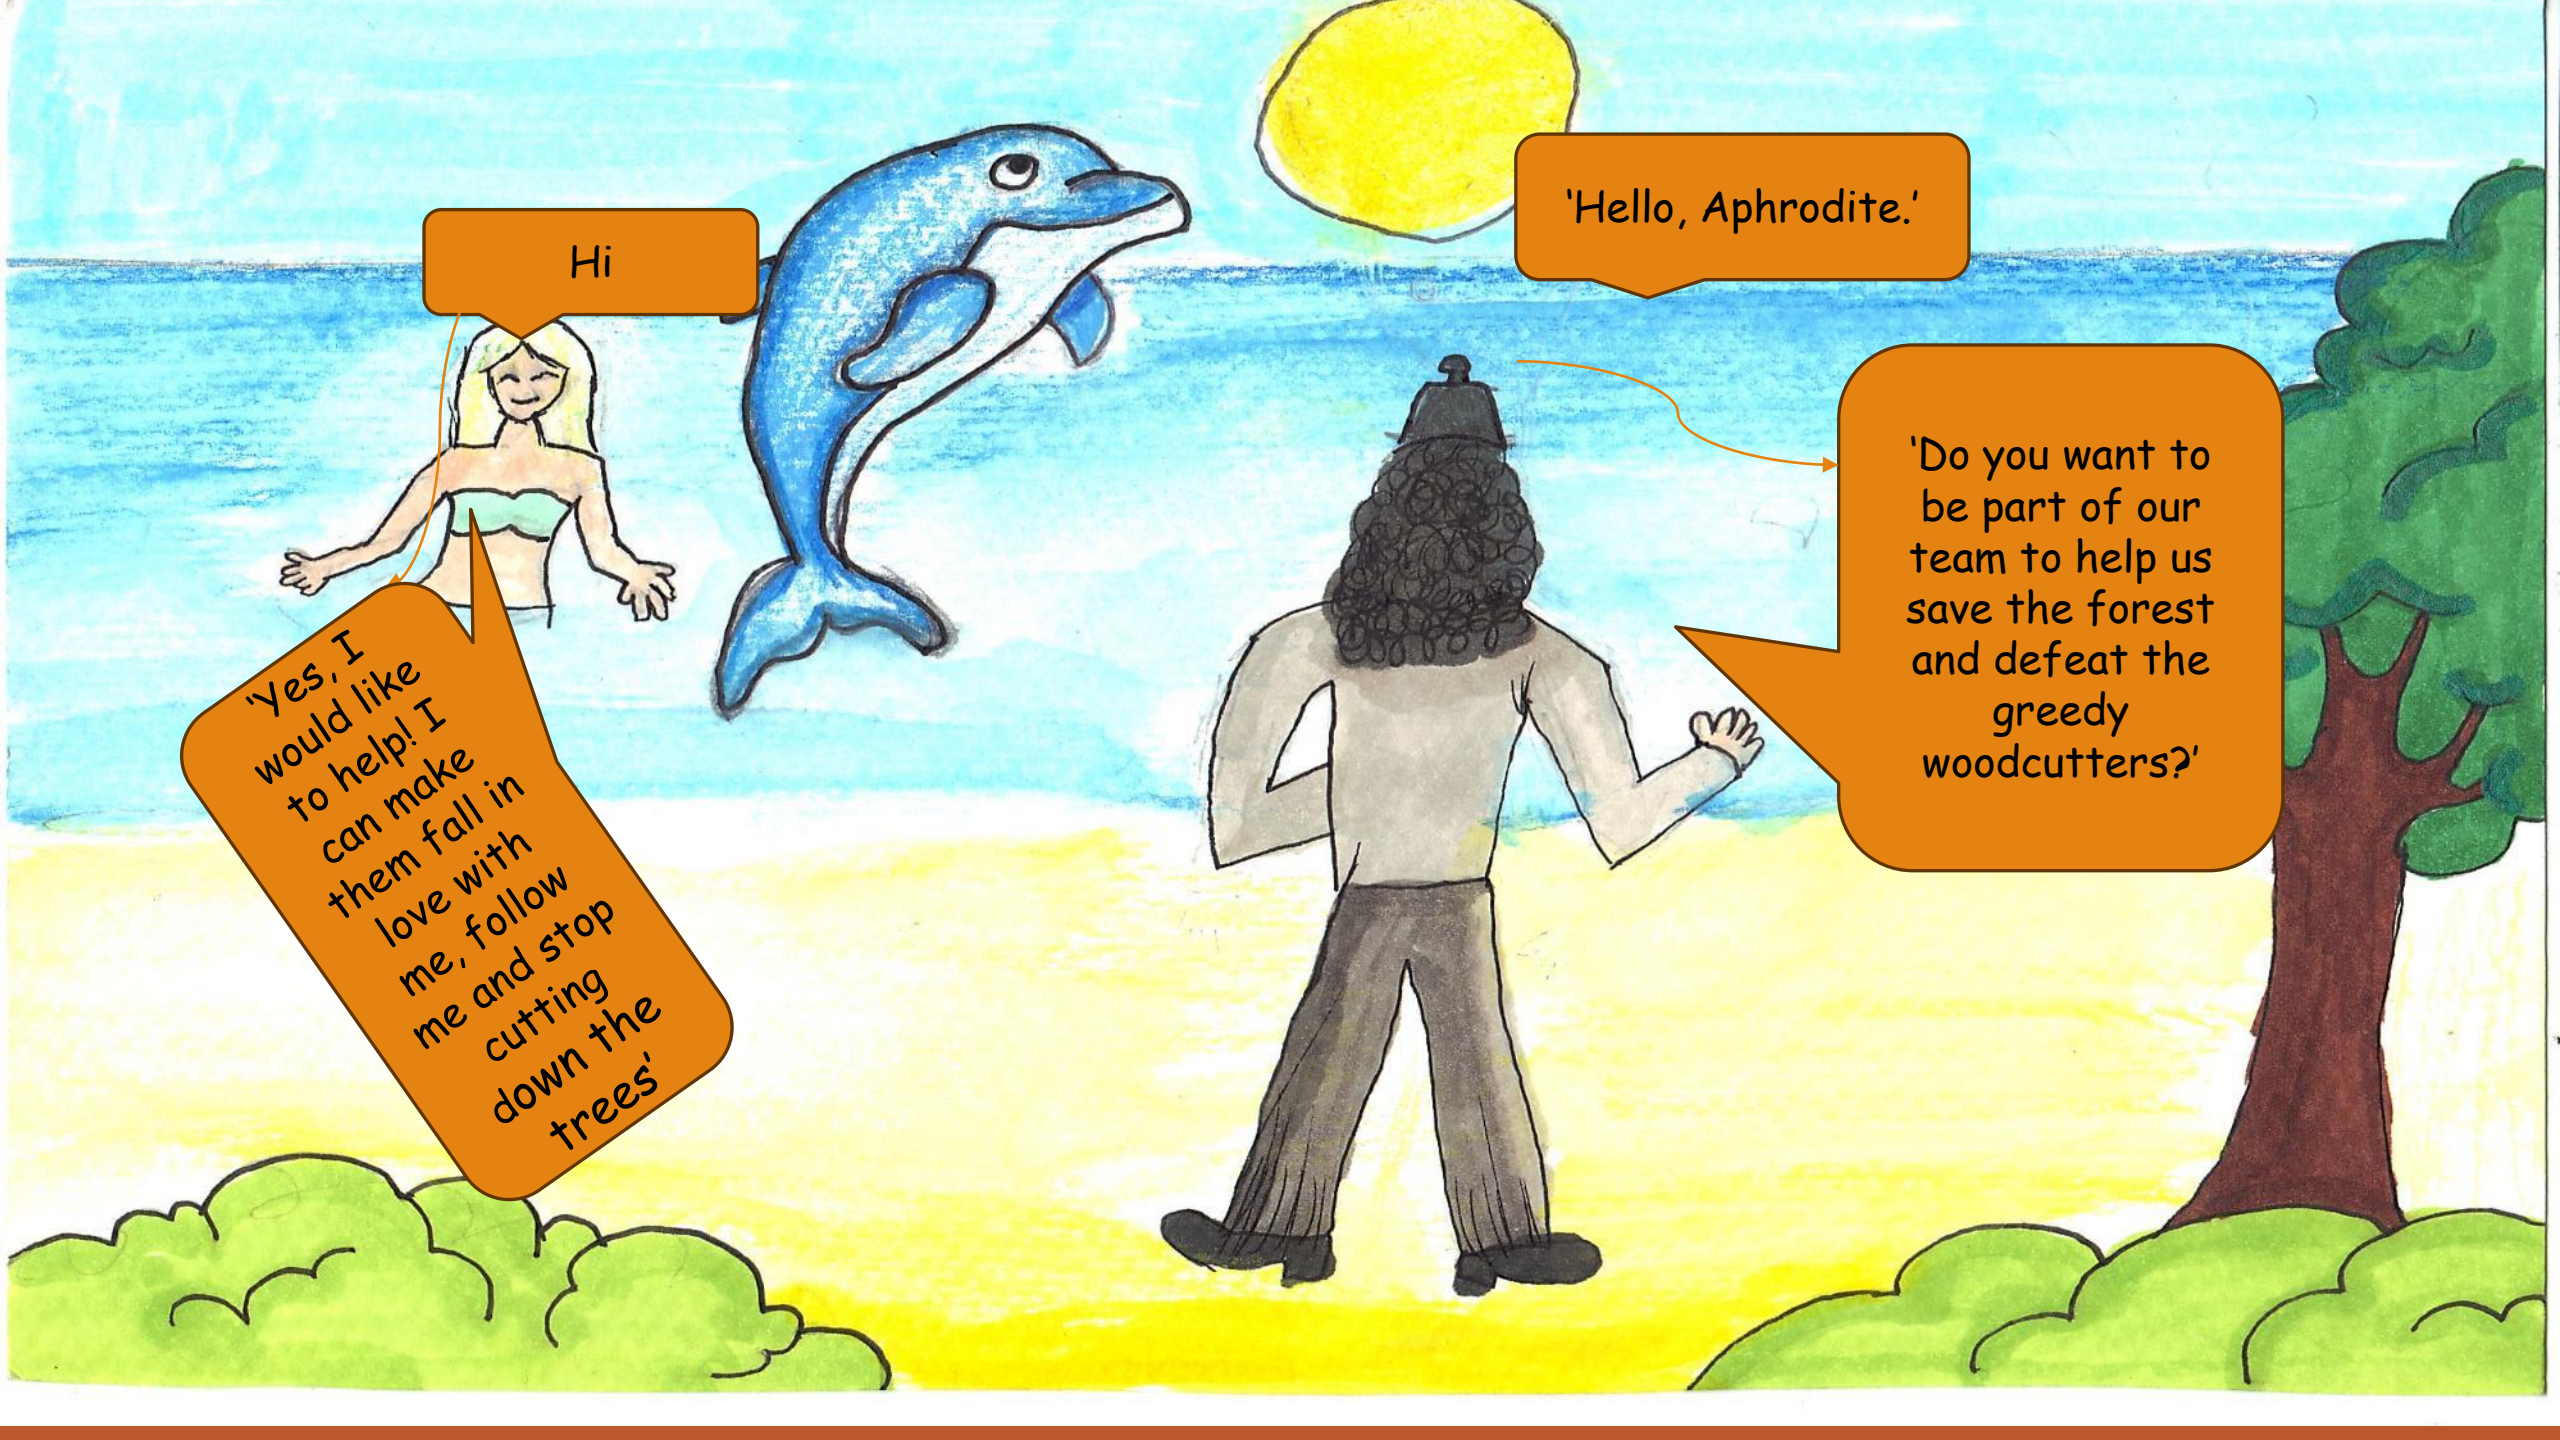

"Let's find some help. Do you want to make a team with heroes from the other countries in Europe to stop the greedy woodcutters cut the forest?"

'I am Skarbek. I am here to warn you that the forest is in danger. If you want to win, you have to hurry up and work as a team.'

'That sounds like a good idea!'

They took their horses and went to the edge of the Mediterranean Sea. After 5 hours of searching they finally met Aphrodite swimming in the sea and playing with dolphins

Hi

'Hello, Aphrodite.'

'Do you want to be part of our team to help us save the forest and defeat the greedy woodcutters?'

'Yes, I would like to help! I can make them fall in love with me, follow me and stop cutting down the trees'

Then they went to Romania to see if there is another hero to help them. The team stopped next to a castle to see if prince Charming the most brave man in Romania was there. They went inside and saw the prince sitting on his throne.

'Would you like help us save the forest from the woodcutters?'

'Can you tell us more about you?'

'That sounds interesting in my opinion.'

'Yes, I'm a character in Romanian mythology and sometimes I fight against dragons and witches.'

'Of course, but can I bring my army with me?'

'Yeah, I know, but I have an Idea. I know twins that can help us save the forest.'

The heroes rushed to Rome to ask the twins if they want to join the team. After hours of traveling, they finally arrived in Rome. When they found Romulus and Remus they immediately asked.

'Of course. Can the she-wolf come with us too?'

'That's a great idea!'

'Do you want to join the team?'

After that they went to Greece to invite Demeter. She could cause plants to grow or not to grow and had control over the seasons. She is also Zeus' sister.

'I would love to help! Let's go!'

'Demeter, can you help us save the forest? Some greedy woodcutter want to cut it down.'

And she immediately joined the team.
The team ran as fast as they could to the forest. After running for a long time they saw the greedy woodcutters.

Every one used their powers.

Marko jumped to the top of the mountain with his horse. Charming ordered his army to surround the woodcutters. Aphrodite made a spell. The she-wolf began to howl and called all the wolves from the forest. Demeter made all the trees in the forest grow again. When the woodcutters saw all the heroes together they surrendered and promised not to cut a single tree any more.
